### COMENTARIOS DEL VENDEDOR

Jaguar House is located in Izamal, just half a block from the archaeological area. Izamal is considered a "magical town" in Mexico, thanks to its historical attributes, as well as its symbols and legends. It is a town with history and identity in each of its corners. One of the symbols of Izamal is the former Convent of San Antonio de Padua, founded in 1549 by Franciscan friars. Its construction was under the care of Fray Diego de Landa. In this place, two very important periods in Mexico are mixed, the pre-hispanic and the colonial. Casa Jaguar is located half a block from the main archaeological zone of Izamal, 3 blocks from the park, the former convent of San Antonio de Padua and Kinich Restaurant. The location of the property is privileged, within the main square of downtown Izamal. Casa Jaguar is an ideal house to live and explore the beautiful surroundings.
